

# RISK

A hand in a dark suit sleeve is pointing with a pen at a line graph on a computer monitor. The entire image is overlaid with a semi-transparent red filter. The graph shows several sharp peaks, suggesting volatility or risk. The background is dark and out of focus, showing what appears to be a control room or office environment.

# RISK

## Who we are

Established in 1987, McGregor Boyall is a global recruitment consultancy providing permanent and contract / interim professionals across a wide variety of disciplines. Headquartered in the City of London, and with further offices throughout the UK (Manchester, Birmingham, Edinburgh, Glasgow) as well as globally in Dubai and Singapore we are able to offer recruitment solutions throughout the Asia Pacific, UK & Europe and Middle East regions.

Since our inception we have built an unrivalled reputation for helping organisations recruit the very best talent to ensure that they realise their business and operational objectives. Our main focus is to identify, attract and deliver high-quality professionals who can support and enhance their new employer's corporate objectives. We have a proven track record of recruiting across a wide range of sectors as demonstrated through our specialisms.

## What we do in Risk

Our Risk team specialises in providing quality solutions for Risk Management teams across the full spectrum of financial services. In order to deliver consistently in this area of high demand and scant supply, our consultants specialise in key disciplines, providing our clients and candidates with an integrated recruitment solution. The landscape of risk management within financial services is constantly evolving, as increased demands from regulators look to solidify the platform of the banking industry. Leading to new or revised regulations which call for greater transparency, increased capital requirements and clear structured reporting. This regulatory awareness and oversight is continuing to sustain an increasing need for risk professionals, be it within BAU functions or Regulatory Programmes, it is here to stay. McGregor Boyall is successfully responding to this imperative by providing talent in the areas listed below:

Credit Risk	Market Risk
Operational Risk	Conduct Risk
ALM / Liquidity Risk	Regulatory Risk & Change
Quantitative Analytics	Risk Change
Risk Modelling
