

TECHNOLOGY

TECHNOLOGY

Who we are

Established in 1987, McGregor Boyall is a global recruitment consultancy providing permanent and contract / interim professionals across a wide variety of disciplines. Headquartered in the City of London, and with further offices throughout the UK (Manchester, Birmingham, Edinburgh, Glasgow) as well as globally in Dubai and Singapore we are able to offer recruitment solutions throughout the Asia Pacific, UK & Europe and Middle East regions.

Since our inception we have built an unrivalled reputation for helping organisations recruit the very best talent to ensure that they realise their business and operational objectives. Our main focus is to identify, attract and deliver high-quality professionals who can support and enhance their new employer's corporate objectives. We have a proven track record of recruiting across a wide range of sectors as demonstrated through our specialisms.

What we do in Technology

Our Information Technology team is our longest established business stream and offers access to the broad range of technology talent on a permanent and contract / interim basis. We assist our clients in identifying and recruiting IT professionals across the full spectrum of technology disciplines and recognise that whilst the technology landscape is ever changing, McGregor Boyall is in a position to offer our clients expert consultation through our ability to adapt to any variations in the market. Our experience and expertise not only allow us to respond to our clients technical and functional requirements, they also ensure that we are able to provide them with prospective employees who represent a positive and accurate fit to differing organisational cultures.
