Since our inception we have built an unrivalled reputation for helping organisations recruit the very best talent to ensure that they realise their business and operational objectives. Our main focus is to identify, attract and deliver high-quality professionals who can support and enhance their new employer's corporate objectives. We have a proven track record of recruiting across a wide range of sectors as demonstrated through our specialisms.

What We Do in Compliance

The Compliance Team services an increasing demand for compliance talent in a constantly changing regulatory environment. We successfully meet clients talent requirements in a market that is acknowledged as being constrained by a shortage of suitably qualified candidates.

The recent past has seen Compliance demands within all areas of Financial Services expand quickly, whilst talented resource has been limited. Regulatory pressures to (i) provide information, (ii) manage transactional conduct of business requirements and (iii) become familiar with prudential risk management governance means that Compliance is projected to continue this growth. This has resulted in our clients actively seeking to secure the best talent. We deliver this talent across the following areas;

Policy & Regulation	Control Room Financial Crime
Sanctions	Monitoring & Surveillance
Investigations
